

CARNEGIE INSTITUTION OF WASHINGTON  
DEPARTMENT OF GENETICS  
COLD SPRING HARBOR, LONG ISLAND, N. Y.

June 15, 1955

Dear Joshua,

The photographs are lovely - so much so that I am sure they can not be artifacts. Many thanks for letting me see them.

I should come to some decision about where to go for next year after seeing Benzer at the Brookhaven meeting. I will get in touch with you soon.

Best regards,

Alan
